

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 20, 1995

SUBJECT: **SB 1740 - HB 1732**

This bill, if enacted, will encourage local boards of education to adopt an Integrated Pest Management (IPM) program and allow the Commissioner of Education to promulgate rules for its implementation.

The fiscal impact on local governments from enactment of this bill in and of itself is estimated to be minimal since the provisions of the bill are permissive. However, if local boards of education implement pest control management programs which exceed or change what is already being done in the schools, local government expenditures will increase. Such increase cannot reasonably be determined, since it is not known what additional pest control measures will be required to be taken; however, such increase is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
